Oral communications regarding any inaccuracy or discrepancy in this statement should be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). Your statement will be deemed correct unless we receive a written inquiry of a suspected error. See your account documentation for special rules regarding your rights and responsibilities with respect to erroneous electronic fund transfers, including a description of the transfers covered. For concerns or complaints, contact us.

Senior Investor Helpline

Senior Investor clients or those acting on their behalf have a convenient way to communicate with our Firm by calling us at (800) 280-4534 Monday-Friday 9am-7pm Eastern Time.

Availability of Free Credit Balances and Financial Statements

Under the customer protection rules of the SEC [17 CFR §240.15c3-3], we may use funds comprising free credit balances carried for customer accounts here, provided that these funds are payable to customers on demand (i.e., are free of a lien or right of set-off in our favor or on behalf of some third party to whom you have given control). A financial statement of this organization is available for your personal inspection at its offices, or a copy will be mailed to you upon your written request.

Listed Options

Information with respect to commissions and other charges related to the execution of options transactions has been included in confirmations of such transactions previously furnished to you and such information will be made available to you promptly at your request. Promptly advise us of any material change in your investment objectives or financial situation.

Important Information if You are a Margin Customer (not available for certain retirement accounts)

If you have margin privileges, you may borrow money from us in

exchange for pledging assets in your accounts as collateral for any outstanding margin loan. The amount you may borrow is based on the value of the eligible securities in your margin accounts. If a security has eligible shares, the number of shares pledged as collateral will be indicated below the position.

Margin Interest Charges

We calculate interest charges on margin loans as follows: (1) multiply the applicable margin interest rate by the daily close of business net settled debit balance, and (2) divide by 360 (days). Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. We add the accrued interest to your debit balance and start a new calculation each time the applicable interest rate changes and at the close of every statement month. For interest rate information, log into your account online and select your account with a Margin agreement to view more information.

Information Regarding Special Memorandum Account

If you have a Margin Account, this is a combined statement of your Margin Account and Special Memorandum Account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the Special Memorandum Account as required by Regulation T is available for your inspection at your request.

Important Information About Auction Rate Securities

For certain Auction Rate Securities there is no or limited liquidity. Therefore, the price(s) for these Auction Rate Securities are indicated by N/A (not available). There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security.

Structured Investments Risks and Considerations

Structured Investments (Structured Products) are complex products and may be subject to special risks. Investors should consider the concentration risk of owning the related security and their total exposure to any underlying asset. Structured Investments, which may appear in various statement product categories and are identified on the Position Description Details line as "Asset Class: Struct Inv," may not perform in a manner consistent with the statement product category where they appear and therefore may not satisfy portfolio asset allocation needs for that category. For information on the risks and conflicts of interest related to Structured Investments generally, log in to Morgan Stanley Online and go to <https://mso.morganstanleyclientserv.com/publiccontent/pdf/SI-COL.pdf>

Security Measures

This statement features several embedded security elements to safeguard its authenticity. One is a unique blue security rectangle,

printed in heat-sensitive ink on the back of every page. When exposed to warmth, the color will disappear, and then reappear.

SIPC Protection

We are a member of Securities Investor Protection Corporation (SIPC), which protects securities of its customers up to \$500,000 (including \$250,000 for claims for cash). An explanatory brochure is available upon request or at www.sipc.org. Losses due to market fluctuation are not protected by SIPC and assets not held with us may not be covered by SIPC protection. To obtain information about SIPC, including an explanatory SIPC brochure, contact SIPC at 1-202-371-8300 or visit www.sipc.org.

Transaction Dates and Conditions

Upon written request, we will furnish the date and time of a transaction and the name of the other party to a transaction. We and/or our affiliates may accept benefits that constitute payment for order flow. Details regarding these benefits and the source and amount of any other remuneration received or to be received by us in connection with any transaction will be furnished upon written request.

Equity Research Ratings Definitions and Global Investment Manager Analysis Status

Some equity securities may have research ratings from Morgan Stanley & Co. LLC or Morningstar, Inc. Research ratings are the research providers' opinions and not representations or guarantees of performance. For more information about each research provider's rating system, see the Research Ratings on your most recent June or December statement (or your first statement if you have not received a statement for those months), go online or refer to the research provider's research report. Research reports contain more complete information concerning the analyst's views and you should read the entire research report and not infer its contents from the rating alone. If your account contains an advisory component or is an advisory account, a GIMA status will apply.

Credit Ratings from Moody's Investors Service and Standard & Poor's

The credit rating from Moody's Investors Service and Standard & Poor's may be shown for certain securities. All credit ratings represent the opinions of the provider and are not representations or guarantees of performance. Please contact us if you need further information or assistance in interpreting these credit ratings.

BENEFICIARIES (Contact us to update beneficiary information.)

Required Minimum Distribution

Portfolio Management Retirement Account
238-186083-317
Traditional Inherited IRA

PAUL ROBERSON (BENE)

Important Information about Your Inherited IRA Estimated Required Minimum Distribution (RMD):

* Although we are not legally required to calculate RMDs for Inherited IRAs and Inherited Remainder IRAs, we calculated an estimated RMD for 2025 as a client service and provided it in your quarterly IRA statements. RMD rules for such IRAs are complicated and depend on your specific facts and circumstances. This information should not be construed as legal or tax advice, you should consult with your own legal and/or tax advisor. The IRS issued final RMD regulations, applicable to calendar years beginning on or after January 1, 2025.

* The RMD must be taken by December 31st of each year if you are using the life expectancy method, subject to limited exceptions (e.g., spousal beneficiary may not be required to take an RMD until the year in which the deceased IRA owner would have reached age 70 ½ (if born before July 1, 1949), age 72 (if born after June 30, 1949, but before 1951), or age 73 (if born after 1950, but before 1960) (RMD Age)). You must calculate the RMD for every Inherited IRA you own, but you may take your Inherited IRA RMDs from any Inherited IRA of the same type (i.e., Traditional or Roth) that you inherited from the same decedent.

* Failure to timely take the RMD will generally subject you to a penalty tax on the undistributed amount. It is your responsibility to direct us to distribute the amount necessary to satisfy your RMD. We are not responsible for monitoring the distributions that you must take.

* The estimated RMD amount displayed was calculated using the following information we have on record: (1) the distribution option you chose; (2) the decedent's date of birth and death; (3) the applicable designated beneficiary's date of birth and relationship to the decedent; (4) the IRS Single Life Expectancy Table; and (5) the 2024 year-end fair market value (FMV) of this account, which is the Account value as of December 31 and is displayed below (includes actuarial present value of certain additional benefits, e.g., certain living and death benefits, provided under custodial annuities).

* Transfers and/or rollovers made from the decedents' eligible retirement plan (e.g., Inherited IRA) in 2024 but received by this IRA in 2025 have not been included in the RMD displayed. You are required to manually include these transfer/rollover amounts in your 2025 RMD calculation.

* If we receive an adjusted year-end value for any of the investments (e.g., custodial annuities) held within this IRA, your RMD amount shown below may change. Any current year adjustments to the year-end value and/or the RMD amount for this IRA will be reflected on your next RMD statement page.

* Your Remaining RMD amount is based only on activity in this account and may not accurately reflect the outstanding RMD amount if (1) you have taken your RMD for this Inherited IRA from another eligible Inherited IRA; or (2) you transferred assets on or after January 1, 2025 from another eligible Inherited IRA that had an outstanding RMD.

* Contact us to select an automated distribution schedule or to update your distribution method.

If you own a non-custodial IRA annuity: We are not the IRA custodian; the annuity company is the IRA issuer and may provide you RMD information. As a client service, we calculated an estimated RMD, using the latest annuity value we have (which may not be the year-end value) and life expectancy factor used for your IRA with us (which may not apply to these annuities). Some, but not all, annuity companies provide us with adjusted year-end values, which will be reflected on your next RMD statement page, with an estimated RMD. The estimated RMD shown will not be accurate if the RMD basis below is not the year-end annuity value, and/or the life expectancy factor below is not correct. Contact your annuity company if you have questions.

HOLDINGS

This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Your actual investment return may differ from the unrealized gain/(loss) displayed. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for holdings that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current Yield is an estimate for informational purposes only. It reflects the income generated by an investment, and is calculated by dividing the total estimated annual income by the current market value of the entire position. It does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period. For more information on how we price securities, go to www.morganstanley.com/wealth/disclosures/disclosures.asp.

CASH, BANK DEPOSIT PROGRAM AND MONEY MARKET FUNDS

Cash, Bank Deposit Program, and Money Market Funds are generally displayed on a settlement date basis. You have the right to instruct us to liquidate your bank deposit balance(s) or shares of any money market fund balance(s) at any time and have the proceeds of such liquidation remitted to you. Estimated Annual Income, Accrued Interest, and APY% will only be displayed for fully settled positions. Under the Bank Deposit Program, free credit balances held in an account(s) at Morgan Stanley Smith Barney LLC are automatically deposited into an interest-bearing deposit account(s), at Morgan Stanley Bank, N.A. and/or Morgan Stanley Private Bank, National Association, each a national bank, FDIC member and an affiliate of Morgan Stanley. Under certain circumstances, deposits may be held at other FDIC insured Program Banks. Annual Communication Regarding Your Former Retired Financial Advisor or Private Wealth Advisor

Since the retirement of your former Financial Advisor or Private Wealth Advisor ("Advisor"), your account(s) has been serviced by the Advisor(s) whose name(s) appear on the front of your account statement.

We are writing to remind you that:

- I. Retired Advisors generally continue to receive a portion of the compensation from the accounts of their former clients.
- II. As a result of receiving this portion of compensation and under the various rules and regulations governing our conduct, your Retired Advisor is legally prohibited from providing you with investment advice.
- III. We are required annually to confirm that your Retired Advisor has not communicated with you for the purpose of providing investment advice.

No action is required at this time. However, if you have received investment advice from your Retired Advisor or have any concerns or questions, please contact the Branch Manager of the office where your account is being serviced at the phone number listed on the front of your account statement.

We value you as a client and thank you for the opportunity to serve your financial needs.
